

COMMERCE CITY

Capital Improvement Program

Five Projects. Five Years. One Penny.

Commerce City's capital improvement program is made possible from a 2013 voter-approved 1-percent sales and use tax increase for new parks, recreation and road projects. Through participation from residents, businesses and city council, the City's vision of a Quality Community for a Lifetime can be realized with improved mobility, greater access and increased recreational opportunities. The city committed to completing the first five projects by January 1, 2019.

The Program
