

# PROJECT FACT SHEET

## Highway 2 Median Design from E. 72<sup>nd</sup> Ave. to I-76

### About the Project

Commerce City is redesigning and constructing medians on Highway 2 between E. 72<sup>nd</sup> Avenue and I-76, spanning approximately seven and a half miles. As one of Colorado's fastest growing cities, Commerce City's goal for the project is to enhance safety and improve traffic operations along this segment, with a focus on median designs.

## The project improvements for better mobility and increased safety will include:

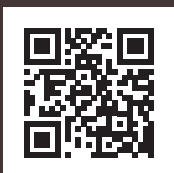

- Restriping and improving signage for bikers/ other sidewalk and trail users in the area.
- Construct buffer/raised median in various locations along the corridor.
- Redesigning medians within the corridor.
- The addition of pedestrian signing, striping, and flashing beacons.
- Evaluate traffic bottlenecks on E. 96<sup>th</sup> Street and E. 104<sup>th</sup> Street.
- Assess ways for speed limit compliance by motorists.

## Project Goals and Objectives

- The median design will improve mobility and enhance safety on the corridor for motorists, bicyclists, and pedestrians.
- Improvements will be made to medians, bike lanes, and there will be additional safety features for pedestrians.
- Signage will be improved, and the roads will be restriped.

## Project Schedule

- **FEBRUARY 2024**  
Develop initial design concepts
- **MARCH 2024**  
Outreach to stakeholders begins  
Survey opens for public input  
Hybrid Public Open House
- **SPRING/SUMMER 2024**  
Public Involvement Input Opportunities and Feedback Period on Design Concepts
- **FALL 2024**  
Complete Final Design
- **SPRING 2025**  
Begin Construction
